IT’S EASY TO USE YOUR DENTAL BENEFITS

The Delta Dental mobile app makes using your plan simple. Here’s how:

USE THE APP TO:

Find a dentist - when logged in to the app, the dentist search tool will automatically search for dentists in your network.

Estimate your out-of-pocket costs before your appointment* - this feature allows you to estimate costs based on your dental plan, your dentist, and specific procedures.

Check your Annual Maximum & Eligibility - see your remaining annual maximum for the year, or double check when you’re eligible for your next covered exam.

Use your mobile ID card at your next appointment - never forget your card or fumble through your wallet again.

Check your claims after your dentist appointments - after your appointment, you’ll be able to see how your benefits paid and what, if any, you may owe.

Use the toothbrush timer to keep up on your oral health routine until your next appointment - this fun 2 minute brush-a-long tells you where to brush and how much time to spend in each part of your mouth.

Take an oral health risk assessment - check your LifeSmile score to see what your risk is for tooth decay, gum disease and oral cancer. Share and discuss your results with your dentist.

* The Dental Care Cost Estimator provides an estimate and does not guarantee the exact fees for dental procedures, what your dental benefits plan will cover or your out-of-pocket costs. Estimates should not be construed as financial or medical advice. For more detailed information on your actual dental care costs, please consult your dentist and call Delta Dental of Kansas at 800.234.3375.
**Discrimination is Against the Law**

Delta Dental of Kansas complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Delta Dental of Kansas does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

**Delta Dental of Kansas:**
