FINDING A DENTIST

With over 95% of dentists in Kansas participating with Delta Dental, it’s easy to find an in-network dentist.

Find an in-network dentist, or find out if your current dentist is in-network, by using our dentist search. You can search online at DeltaDentalKS.com, or by downloading the Delta Dental mobile app.

Search for a dentist or specialist in your network by location, dentist name, language, gender and more.

WHY SHOULD I VISIT AN IN-NETWORK DENTIST?

An in-network dentist helps you save - when dentists agree to become part of Delta Dental’s networks, they agree to accept established fees for services. These fees are less than what the dentist would normally charge, so you know you’ll be saving money before you even sit down in the dentist’s chair. In-network dentists have also agreed not to “balance bill” you for the difference between the agreed upon fee and their usual fee.

The dentist deals with claim payments - when you use an in-network dentist, claim payments are sent directly to that dentist. If you visit a dentist who isn’t in one of Delta Dental’s networks, claim payments are sent directly to you - meaning out-of-network dentists may require you to pay the full cost of your care right at the office.

ACCESS TO DENTIST REVIEWS
