Things to Know:

ELIGIBILITY

Your plan's primary enrollee must be a Kansas resident, age 18 or older. Plan participants may not be covered by another Delta Dental of Kansas plan. Acceptance is guaranteed regardless of dental history or pre-existing conditions. Unmarried dependents are covered through the end of the month in which they turn 26.

COVERAGE

There are no waiting periods for diagnostic and preventive services, and the deductible does not apply. There is a 6-month waiting period for basic services, and a 12-month waiting period under the Platinum, Gold and Silver Plans for major restorative services (see plan comparison chart on first page).

Coverage will start the first of the month following receipt of your application when the application and payment are received on or before the 25th of the month. If your application and payment are received after the 25th of the month, coverage will start the first of the following month (i.e. if your application is received April 19, your coverage will begin May 1; if your application is received April 28, your coverage will begin June 1).

With your Delta Dental Individual and Family plan, you are free to see the dentist of your choice, whether he or she is in the Delta Dental PPOSM network, the broader Delta Dental Premier[®] network or is out-of-network. However, you will generally experience the lowest out-of-pocket cost when visiting a Delta Dental PPO provider.

PAYMENT

Payment is due at the time of enrollment. If you enroll online, you may choose to pay by credit/debit card or by automatic withdrawal from a checking or savings account. Monthly payments will be charged on or around the 5th business day of each month. If you enroll by sending in a paper application, you must submit a check for one year of coverage at the time of application.
